BAD BEAT JACKPOT RULES OF PARTICIPATION

The jackpot will be funded by all cash Texas Hold 'Em games. A maximum of one dollar will be removed from each pot when it reaches ten dollars. If the pot does not reach ten dollars, that round is not eligible for the Bad Beat Jackpot.

This one dollar will be placed in the designated area on the table and remain on the layout until each hand is over.

The dealer will drop the jackpot in the appropriate slot before beginning a new hand.

The jackpot will be paid out when a Bad Beat hand occurs. A Bad Beat occurs when Aces full of Kings or better is beaten.

All four cards must play, and any players representing Four-Of-A-Kind must have a pocket pair.

Both hole cards have to be used in making the best 5 card poker hand. Minimum of (4) players must be dealt into the hand for the Bad Beat Jackpot to be valid.

Mount Airy Casino & Resort reserves the right to cancel the payment of the Bad Beat Jackpot at any time.

THE FUND WILL BE PAID AS FOLLOWS:

60% to the loser of the hand

30% to the winner of the hand

10% divided evenly to all other players dealt into the hand

In the event a multiple Bad Beat hand hits simultaneously*, the 60%, 30% and 10% payouts will be divided equally to all winners, however if a Bad Beat hand has already been awarded and another Bad Beat hand hits, the same percentages will be awarded out of the re-seeding jackpot.

*Simultaneously is defined as if the initial Bad Beat payout is pending but not yet distributed to the recipients.

A player must be dealt into the hand to be eligible for payout.
